DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 14 and 15 are rejected under 35 U.S.C. 102(e) as being anticipated by Fuh et al U.S. Patent Number 6,609,154.

Re Claims 14 and 15, fig 4 teaches a Client host 306 (a first edge node) included in LAN 206 (a user network) for encapsulating the user request into HTTP packet and transmitting the HTTP packet; further teaches the Firewall router 210 (a second edge node) included in an Intranet environment for decapsulating the received HTTP packet and makes a judgment to determine whether or not a decapsulated packet is allowed to transmit to an Internet (See col. 8, lines 19-30) through the Intranet on the basis of the ACL (a table of authorized users) (See col. 9, lines 43-68) wherein a user 302 (a first user) can communicate LAN frame (a packet) with another user in LAN 203 (a second user included in said user network) and not included in ACL list in Intranet 216.

Allowable Subject Matter

3. Claims 1-4, and 6-13 are allowed.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
